

Ian Greenaway

Biography

Ian joined MTM Products Limited, a leading supplier of industrial labels, nameplates, overlays, emergency lighting panels and vinyl cut graphics as Managing Director in 1996 following 25 years working in the electric cable industry. He is a Chartered Engineer, Member of the Institution of Engineering & Technology (IET), Chartered Fellow of the Chartered Management Institute and has worked in manufacturing since graduating from Nottingham University with a BSc (Hons.) in Physics in 1970. In 2012 he was named as Chartered Manager of the year for the East Midlands.

Since Ian joined MTM, the company has built a reputation within government and industry for implementing flexible working practices which address business needs whilst at the same time being of benefit to employees. The company, under Ian's leadership, operates an integrated set of management systems covering Quality and Environment, Health and Safety, IT and Business Continuity.

MTM, represented by Ian, is a founder member of the Agile Future Forum which promotes the business case for agile working to address the ever changing business environment in which all organisations now operate.

Ian completed a two year term as President of East Midlands Chamber (Derbyshire, Nottinghamshire & Leicestershire), the second largest Chamber of Commerce in the UK last in October 2013 and is now Chair of the Chamber's Schools Forum.
